

Stefan Olsson

Partner – Malmö

Stefan has been assisting clients in primarily construction and real estate and tenancy law matters since 2001. He was one of the lawyers involved in drafting agreements for the Citytunnel project and works on a wide range of projects, from large infrastructure ventures to residential construction. Continuously providing legal counsel to clients and contractors nationwide, Stefan handles sophisticated legal advice in the construction and civil engineering industry, dealing with all common standard agreements, such as AB 04, ABT 06, ABK 09, ABM 07, and ABS 18.

With extensive experience as a representative in negotiations, dispute resolution in court, and arbitration proceedings, Stefan also takes on roles as an arbitrator.

He is the author of the book “Introduktion till entreprenadrätt” (Introduction to Construction Law) Svensk Byggtjänst, 2024 and regularly conducts training sessions and seminars in construction law.
