

Matilda Hagman

Associate – Malmö

Matilda primarily advises on environmental and real estate law, assisting clients with matters including permit and exemption proceedings, contacts with public authorities and court proceedings. She also provides ongoing legal advice on environmental and real estate matters.

In addition, Matilda is part of the firm's practice groups for construction law and dispute resolution. She has experience assisting clients in disputes before both the general courts and administrative courts, including disputes relating to construction, real estate and environmental law, as well as other related areas of law.
